Devices								
Designed for	Office professionals requiring a wireless headset to maximise collaboration through multiple devices	Office professionals working in busy fixed-desk environments	Business professionals, in and out of the office, using their PC for voice communications and multimedia applications	Office professionals requiring premium audio, comfort and styling for high quality conversations	Mobile professional using their PC for UC and multimedia applications	For group conference calls on-the-go	Private office professionals who require multi-device communication	
Description	The Savi 700 series wireless headset will intelligently manage your PC, mobile, and desk-phone calls, and automatically update your UC presence status ¹ so that colleagues can see your availability. Three comfortable wearing styles available: W710 = monaural, W720 = binaural, W730 = OTE, W740 = convertible.	The CS500 series is setting a new standard for wireless desk phone communications. The new convertible headsets feature streamlined design, improved performance, and the same great reliability. Three comfortable wearing styles available: CS510 = monaural, CS520 = binaural, CS540 = convertible.	The Savi 440 is the lightest headset on the market and part of Plantronics' pioneering portable DECT range. Its 120 metre wireless range and hot swappable battery ² make it a productivity powerhouse.	The EncorePro boasts uncompromising style, comfort, reliability and audio quality. With its noise-cancelling microphone it's perfectly placed for great audio clarity, with a low slung design meaning that it's invisible to the wearer.	In the office or on the road, the corded Blackwire 420 headset lets mobile professionals enjoy crystal clear PC audio anywhere work happens.	The Calisto 420 speakerphone is ideal for conducting group conference calls via Microsoft® Office Communicator 2007 and Microsoft® Lync™ Server 2010. It provides 360-degree room coverage.	Experience a whole new way to manage PC and mobile phone calls with the Calisto 800 Series multi-device speakerphone system. Enjoy excellent audio quality and freedom of movement in the office or at home.
